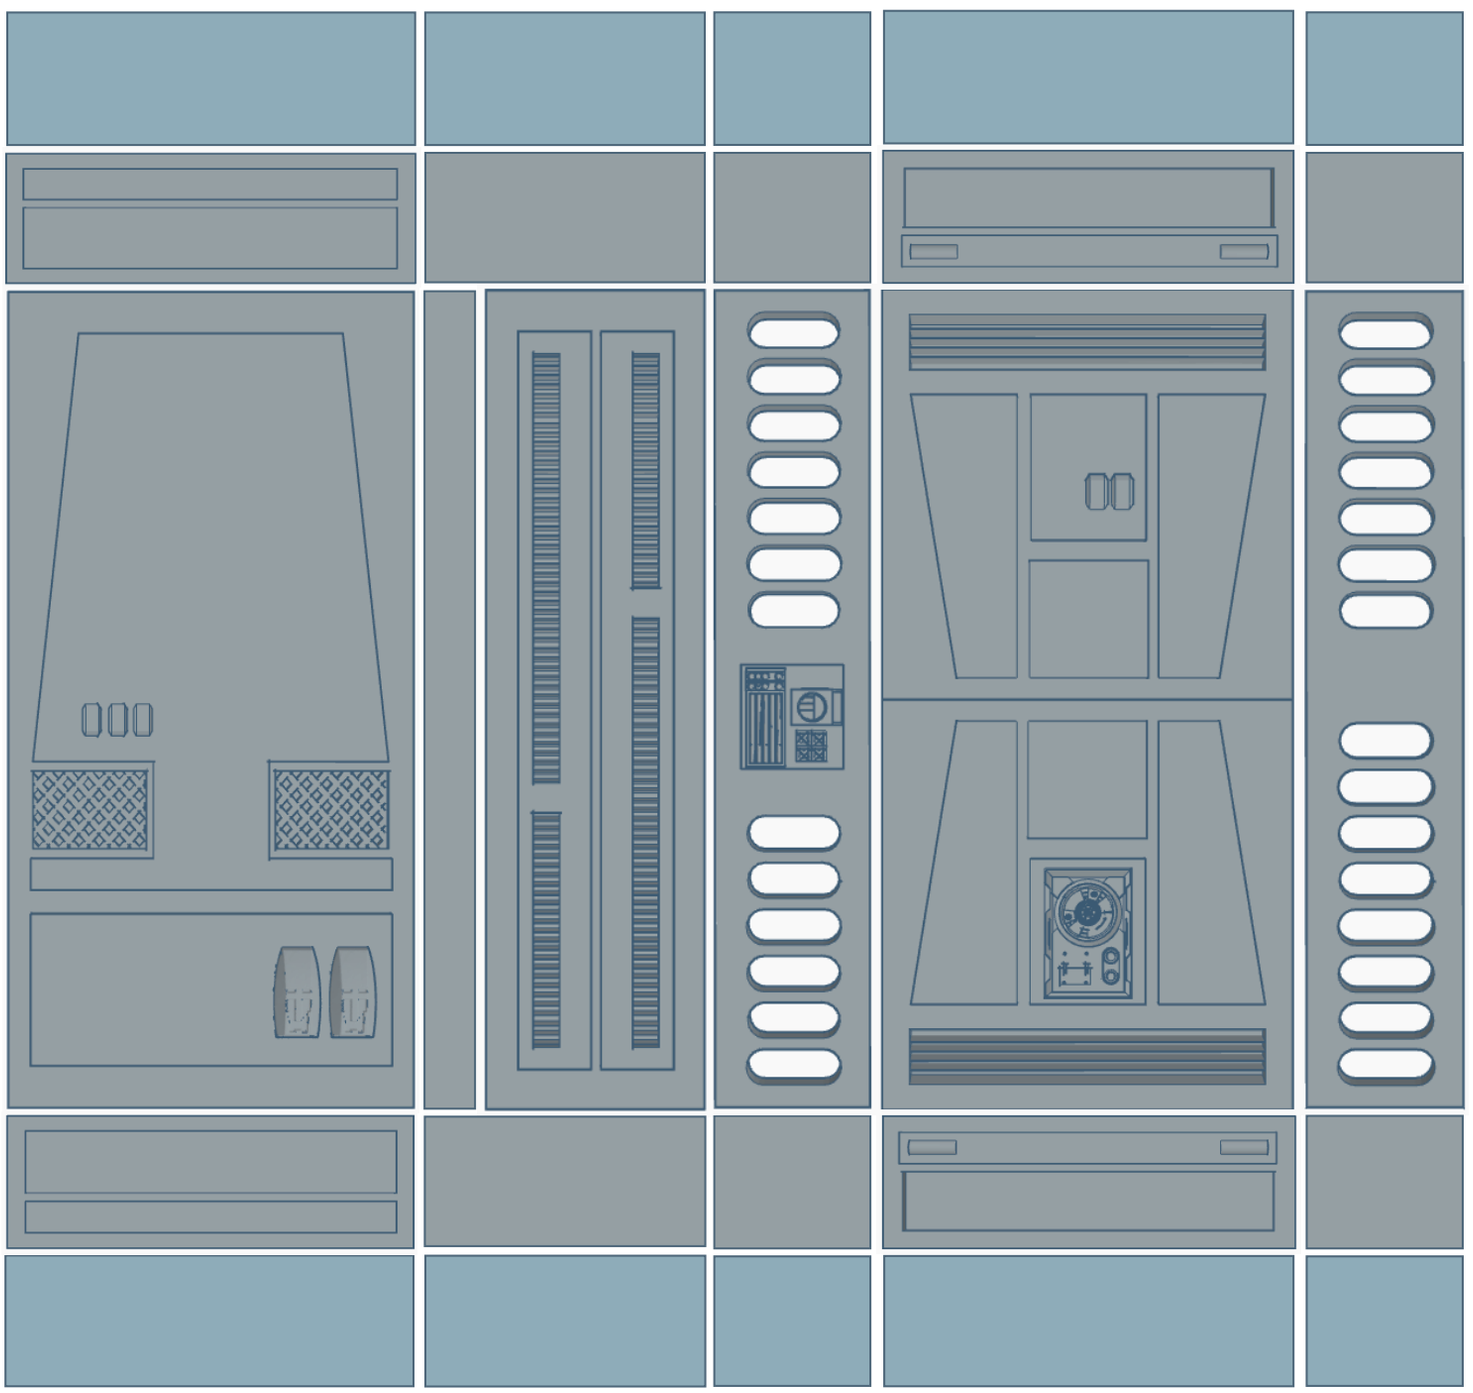
Assembly Instructions - Death Star Wall Section Set B

Thank you for your purchase! To assemble the Death Star Wall Section, you can follow the recommended design below or create your own combination of the elements to make a section of wall approximately 180mm by 180mm long. Should you need extra help from us with your Redflare Model product, then please don't hesitate to contact us at via our website: www.redflare.tech



The panel sections above are compatible with both 12th scale (6") and 18th scale (3.75") figures. Adding the sections in **blue** will create a panel height of 180mm which is suitable for 12th scale figures. If you are creating the Death Star Wall Sections for 18th scale figures, then use the **grey panels** only.
